

Fauteuil A56 perforé*

Designed by Jean Pauchard, revisited by Chantal Andriot

*perforated A56 Armchair

Created in 1956 by Jean Pauchard, the A56 Armchair is one of the 20th century's great classics in furniture. It was designed to meet the demands of patio and cafe use. The A56 Armchair is stackable and available in steel and stainless steel for use as TOLIX® MAISON or TOLIX® OUTDOOR. Find it in all the colors and finishes from the TOLIX® ESSENTIELS, TENDANCES and BRUT VERNIS color charts. For a more refined style, the A56 Armchair comes in perforated stainless steel. You can also use a TOLIX® cushion on A56 Armchairs. In 2019, the spacing of the armrests is revised for a greater seat width.

- First historical piece of the TOLIX® collection, in a perforated version
- Available in the color charts ESSENTIELS, TENDANCES and BRUT VERNIS
- Stackable
- New version 2019 : the spacing of the armrests is revised for a greater seat width
