Designed by Normal Studio

*Diamant Commode

The TOLIX® Diamant Collection was created by Normal Studio. It brings to mind the memory of the industrial world's raw esthetics and enjoys the same success as TOLIX®'s primary creations. Made according to TOLIX®'s traditional and tested expertise in steel furniture, the Diamant collection reveals the French manufacturer's mastery and art in folding steel. Each piece of furniture in this collection has textured sides like a cut diamond that reflect and play with the light. The commode has three drawers that open with a gentle push, and are drawn closed with magnets. The Diamant Commode comes in all colors and finishes in the ESSENTIELS, TENDANCES and BRUT VERNIS color charts. It can hold a Diamant Shelf.

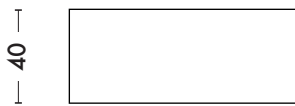

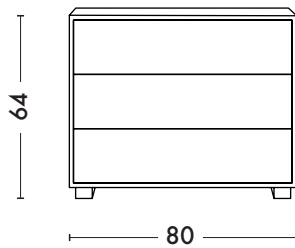

- Available in the color charts ESSENTIELS, TENDANCES and BRUT VERNIS
- Combined with the Diamant shelf
