Designed by Xavier Pauchard

*G H Table Ø60

Xavier Pauchard created this legendary TOLIX® piece: the G Table with its 60cm diameter was long a fixture of bistro and restaurant patios during the 1930s. Recognizable among the major design classics thanks to its central and cylindrical column, this tall version of the G Table has a lengthened tube. You can find the G H Table in all the colors and finishes from the TOLIX® ESSENTIELS, TENDANCES and BRUT VERNIS color charts.
