

Table G plateau marbre *

Designed by Tolix

*G Table marble top

Xavier Pauchard created this legendary TOLIX® piece: the G Table with its 60cm diameter was long a fixture of bistro and restaurant patios during the 1930s. Recognizable among the major design classics thanks to its central and cylindrical leg, this dual material version, renewed by the designer Kilian Schindler, has a markedly elegant and noble Carrare marble top. The steel leg can be ordered in any of the colors and finishes from the TOLIX® ESSENTIELS, TENDANCES and BRUT VERNIS color charts. The marble top G Table has a 110cm diameter.

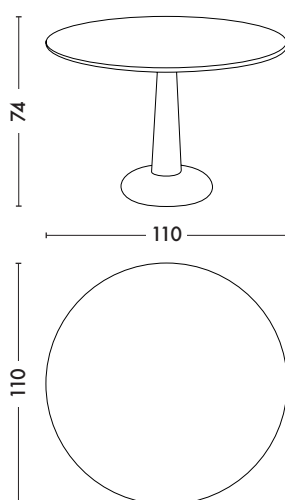

• Available in the color charts ESSENTIELS and TENDANCES
