The Mouette Armchair has travelled across generations. Created by Xavier Pauchard in the 1920s for his own children, this small armchair is a miniature copy of the C Armchair with a mono tube providing the armrests. You may personalize it with your child's name and with one of the simple designs that are offered as well, if you choose.

The Mouette Armchair is part of TOLIX®'s Children Collection, and can be used together with the Rhino Desk or the Cigogne Pedestal Table from this same collection.

You will find it in all the colors and finishes of our ESSENTIELS, TENDANCES and BRUT VERNIS color charts.

- Available in the color charts ESSENTIELS, TENDANCES and BRUT VERNIS
- Custom-made with perforation drawings
