

Guéridon N*

Designed by Patrick Norguet

*N Pedestal Table

Created in 2013, the N Pedestal Table is the practical and robust table for bistros.

«For this collaboration with TOLIX®, I conceived the N Pedestal table, a new family of tables in answer to restaurateurs' needs. TOLIX®'s first ever folding table, the N Pedestal table with its tilting top can be moved around and put away easily. It captures TOLIX®'s taste for sound models that are functional and obvious in their use. It can be used with chairs, but it was created with the new T14 Chair in mind: an elegant TOLIX® duo, fully coherent for terraces around the world.» Patrick Norguet, Designer Made from stainless steel, the N Pedestal table can be used outside. It is available in both normal height and tall versions, and comes in all the colors and finishes from the TOLIX® ESSENTIELS, TENDANCES and BRUT VERNIS color charts.

- Available in the color charts ESSENTIELS, TENDANCES and BRUT VERNIS
- Available in high version (cf. Guéridon N / N Pedestal date sheet)
