\*Sorting Desk

***Xavier Pauchard created the Sorting Desk in 1930 to sort letters at the post office. TOLIX® started making it again in 2010, in its original form. Thanks to the 24 adjustable cubbyholes and the desk with a drawer, it is a multifunctional piece of furniture with generous storage space. Place it in an entrance, or in the living room as a writing desk, or return it to a professional environment. It is available in all colors and finishes in the ESSENTIELS, TENDANCES and BRUT VERNIS color palettes.***

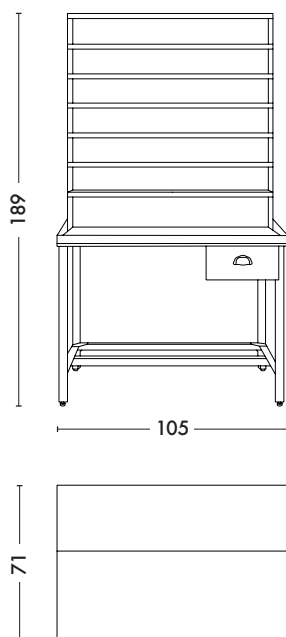

- Available in the color charts ESSENTIELS, TENDANCES and BRUT VERNIS
