Created by designer Frédéric Gaunet, the Bi-Cylinder throws light on all of TOLIX®'s experience and expertise in assembling, stamping, folding and welding aluminum and steel (for the stand). Original and hybrid in style and ingenious in design, Bi-Cylinder's two cylinders turn a full 360 degrees. One of the cylinders has five shelves, providing ample room for storage. The other cylinder has a cross bar for hanging clothes and three additional shelves. Also available in a Mono Cylinder version, with shelves only. Product only available in «Mat Fine Texture» finishes in the ESSENTIELS and TENDANCES color palettes.
