*Oak Tabletop

The TOLIX® Oak top is a solid wood top developed to be fixed on the TOLIX® Y Trestle. Its angles are rounded and the plate is bevelled in its thickness, creating a trapezoidal appearance.

Thanks to its 4 butterfly screws, it ensures perfect stability of the plate / trestle assembly.

The Oak top can be made in a custom-made version to create a table or desk with the dimensions of your choice.

- Available in 160 x 80 cm version
- Available in custom-made version
- Supplied with a fixing kit
