

# Table 55 plateau chêne \*

*Designed by Chantal Andriot*

\*55 Table with oak table top

***Inspired by the authentic Table 55 in metal of TOLIX®, the new Table 55 with oak top will delight all design lovers!***

***The table top has been imagined beveled so as not to distort the design of Table 55. On the technical side, it is made of solid oak and consists of a 3-ply inner panel and 2 outer plies in continuous slats. This use of wood has the advantage of offering very high stability.***

***The frame of the table and its legs are identical to those of the iconic Table 55 in steel.***

***Table 55 oak top is available in 4 sizes. Its frame and legs can be finished with the ESSENTIELS and TENDANCES color charts as well as the VARNISHES.***

*\* PEFC certified wood*
