\*G H Table Ø60

***Xavier Pauchard created this legendary TOLIX® piece: the G Table with its 60cm diameter was long a fixture of bistro and restaurant patios during the 1930s. Recognizable among the major design classics thanks to its central and cylindrical column, this tall version of the G Table has a lengthened tube. You can find the G H Table in all the colors and finishes from the TOLIX® ESSENTIELS and TENDANCES color charts.***
