

# Guéridon N<sup>\*</sup> mange debout

*Designed by Patrick Norguet*

\*N Pedestal Table

***Created in 2013, the N Pedestal Table is the practical and robust table for bistros.***

***«For this collaboration with TOLIX<sup>®</sup>, I conceived the N Pedestal table, a new family of tables in answer to restaurateurs' needs. TOLIX<sup>®</sup>'s first ever folding table, the N Pedestal table with its tilting top can be moved around and put away easily. It captures TOLIX<sup>®</sup>'s taste for sound models that are functional and obvious in their use. It can be used with chairs, but it was created with the new T14 Chair in mind: an elegant TOLIX<sup>®</sup> duo, fully coherent for terraces around the world.» Patrick Norguet, Designer Made from stainless steel, the N Pedestal table can be used outside. It is available in both normal height and tall versions, and comes in all the colors and finishes from the TOLIX<sup>®</sup> ESSENTIELS, TENDANCES and BRUT VERNIS color charts.***

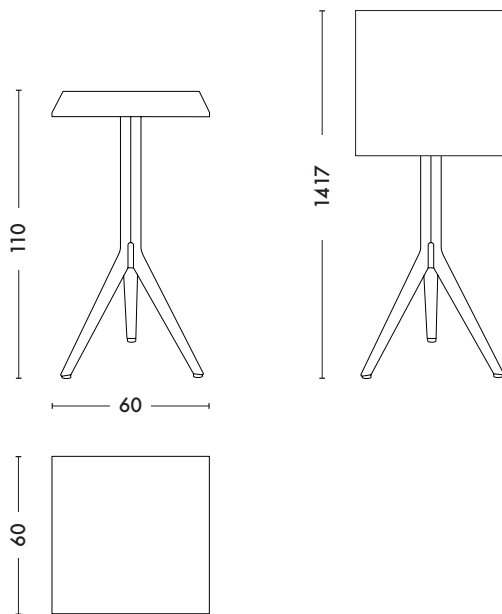

- Available in the color charts ESSENTIELS, TENDANCES and BRUT VERNIS
- Available in standard height version (Cf. Guéridon N data sheet)
