*Simplex Pegs

Simplex is a truly ingenious and infinitely adjustable wall peg! The possible combinations and shapes provided by this honeycomb-inspired peg that has three hexagons (one for each hook) are endless. Sold in sets of three, for a total of nine hooks, place Simplex Pegs horizontally and vertically to make personal compositions, heightened further by any of the colors in our ESSENTIELS and TENDANCES color palettes. Simplex Pegs are at home in an entrance, in a bedroom for necklaces, scarves and hats, and even in the kitchen for dish towels.
