*Revisited by TOLIX<sup>®</sup>*

***Furniture piece from the '30s, with its iconic design, The table G is coming back into our living spaces, with a new release : an oak or walnut tabletop. Manufactured for nearly a century, the table leg is made out of steel and entirely handled by our craftsmen.***

***This version of the Table G is presented with a light beveled oakwood table top. It will go perfectly well with light color shades such as IVOIRE, VERT, ANIS, SABLE or with more sharp colors like VERT EMPIRE, GRAPHITE or even maybe GRIS DE PARIS from our TENDANCES and ESSENTIELS color chart. The wood that is used for our Table G, is FSC\* and PEFC\* certified oak wood, it guarantees that forests are sustainably managed.***
