

Table G - Plateau noyer *

Designed by Xavier Pauchard

Revisited by TOLIX®

*G Table - Walnut top

Iconic piece of furniture, recognizable by its central leg, the Table G from TOLIX® takes on the look of an ultra chic table with this solid walnut table top version. This noble wood reveals a contrasting brown-black grain, which can be ideally combined with a colored leg such as NOIR, CHOCOLAT NOIR, TERRACOTA, ROUILLE FAUVE or IVOIRE from our TENDANCES and ESSENTIELS color chart.

The beveled table top consists in 3 solid layers of walnut wood allowing the wood to remain stable.

Concerned about the respect of our environment, we have selected PEFC* and FSC** certified wood, that guarantees sustainable forest management.

The Table G is an exceptional piece of furniture because of its steel table leg but also being entirely handled by our craftsmen. In this wooden version top, it is also available with a light oak table top.

PEFC : Programme for the Endorsement of Forest Certification schemes - FSC : Forest Stewardship Council
